

ENVIRONMENTAL POLICY

BML Groundwork is an eco-sensitive provider of innovative design, construction, and consulting services for earth retention, soil stabilisation, erosion control, and stormwater management in terrestrial, aquatic and coastal environments.

BML Groundwork are specialists in environmental protection with remedial and preventative solutions delivered by aligning complimentary needs and wants to the total satisfaction of our diverse range of customers.

BML Groundwork is committed to continuous improvement of its environmental duty through:

- Recognition of compliance with relevant legislation as a minimum level of performance
- The education and training of employees in environmental issues and the environmental effects of their activities
- The monitoring of progress and review of environmental performance on a regular basis
